

Special Church Services Attract Widespread Interest

Weather conditions have not been more favorable for the special services being held in Union Church than for most other things. However, the growing congregations and deepening interest shows that Glitchen people know and appreciate real merit. There is no stronger evangelistic party at work in Canada today. Mr. Weaver director of song is a thoroughly competent leader and is possessed of a radiant and enthusiastic personality which never fails to elicit hearty response. This is seen to best advantage in his work among the boys and girls. Once in on Friday afternoon at 4 o'clock and later when singing Miss Clara Gruenert, the accomplished pianist, renders valuable assistance to the success of musical service.

MISS CLARA GRUENERT

Rev. T. A. Robinson is a clear, strong, convincing speaker. His addresses are illuminated with story and illustration drawn from wide experience among men, which a very marked originality in presenting old truths gives to them new significance.

One week of the Mission is already over, in a few brief days it will have passed into history. Union Church earnestly invites and eagerly welcome the entire community to share in the feast of song, song and story during the remaining days of the Mission.

On Friday the last day of the week, except Saturday, at 8 o'clock, on Thursday afternoon at 3 o'clock a special meeting for women only will be addressed by Mr. Robinson.

On Friday the boys and girls meeting at 4 p.m. On Sunday, in addition to the regular morning and evening service, a men's mass meeting will be held in Gleichen Opera House at 8 p.m.

It is hoped that a series of afternoon meetings for Bible reading will be held in St. Andrew's Church next week.

Union Church Notes
The regular monthly meeting of the Y. Y. has been held on account of the special services.
The Union Church Ladies Circle will meet at Mrs. Parquhar's on Thursday afternoon, April 22nd, at 3 o'clock. The annual sale of work will be held on Saturday, May 8th.
H. H. Hull, Secretary Alberta Social Service League, will address a public meeting in Union Church on Friday evening of this week at 9 o'clock.
John Clark only showed "Putschschan Beet" at the Calgary Horse show this year and of course, he is prime to lose. He also said "Gold King Favorit" to Mr. Pearson of Mississauga. Of his string of Clydesdales, he was the only two Mr. Clark reached Calgary with, having sold all his other right at home. However, Mr. Clark says he is going to start after business for next year as he finds a demand for good horses at profitable prices.

Rest Room Paid for and \$48.13 In Bank

Right on the moment and with timing and vim carrying throughout the entire evening the concert, box social and dances given by the Rest Room Committee provided entertainment that was thoroughly enjoyed by the big crowd that assembled in the Opera House on Tuesday evening of last week. The Rest Room committee have throughout provided every detail that has characterized the Gleichen Board of Trade and invited over to the Board's room, where about thirty members gathered to give the Rotarians a hearty welcome to our town and before their train arrived they learned a whole lot about the Gleichen district and the Board also gained considerable information of the aims and objects of the Rotarians.

The delegation could not understand how the Board learned of their coming and as the Board only had a couple of hours notice to prepare for the reception the whole affair was so informal that one and all enjoyed it thoroughly. As one of the Rotarians remarked, "Your Board represents the exact spirit of the Rotary Club, our motto being: 'He Profit Most Who Serves Best'." We aim to help some one without profit to ourselves. You have not business to do and I have never known or heard of any town doing as you have today on short notice, and when we get back to Calgary we will not forget to tell the Board of Trade and Rotary members of Glitchen's fine fellows and of the kindness rendered up by your Board of Trade.

The delegation comprised Messrs. B. R. Robinson, P. H. Sprung, A. B. McDonald, J. Thorndorn, A. McInnis and Inspector Spalding, who were accompanied by J. K. Proctor, C. P. H. district business agent.

Inspector Spalding, having other business in town, was the only one missing at the reception. All the others, after being welcomed by the President and Mayor, gave short talks filled with useful information and not a little humor, each one expressing appreciation of the kindly reception extended them and answering many questions.

Rev. Matthews, P. H. Beach and Secretary Mallory were called upon for addresses and finally all present accompanied the delegates to the station to see them off.

**John Prowse Wins at
Calgary and Edmonton**
John Prowse, ever a busy man, was in town last week for the first time since his visit to the Calgary and Edmonton horse shows.

As predicted by The Call Mr. Prowse brought back for Glitchen many honors with his fine string of Clydesdales, and Norgau Farm is earning a name for itself throughout the Dominion.

Asked for a list of his prize-winners Mr. Prowse readily complied and without comment gave them as follows:
"At the Calgary and Edmonton horse shows my winning were five two Canadian bred stallions, one reserve championship, two specials, one open championship, one grand championship, one gold medal. Also the Watson challenge shield for the best horse

bred, born and raised in Canada. We also won numerous other prizes."
In further connection with Mr. Prowse he said "Nonpareil Blend" had been graded in A1 Certificate and would stand this season at its own value for just a few more as he is a young animal.

The regular meeting of the Board of Trade for Monday was postponed.

Rotarians Visit Glitchen

Last Thursday afternoon a delegation of the Calgary Rotary Club came down as far as Glitchen to accompany the delegates from the east to the convention into the city. This meant spending a couple of hours in Glitchen and these five wire Rotarians were in a quantity as to how they would while away the time in Glitchen.

However, their worries in this direction were short lived. When they stepped off the train at Glitchen they were surprised to be met by a delegation of the Gleichen Board of Trade and invited over to the Board's room, where about thirty members gathered to give the Rotarians a hearty welcome to our town and before their train arrived they learned a whole lot about the Gleichen district and the Board also gained considerable information of the aims and objects of the Rotarians.

The delegation could not understand how the Board learned of their coming and as the Board only had a couple of hours notice to prepare for the reception the whole affair was so informal that one and all enjoyed it thoroughly. As one of the Rotarians remarked, "Your Board represents the exact spirit of the Rotary Club, our motto being: 'He Profit Most Who Serves Best'." We aim to help some one without profit to ourselves. You have not business to do and I have never known or heard of any town doing as you have today on short notice, and when we get back to Calgary we will not forget to tell the Board of Trade and Rotary members of Glitchen's fine fellows and of the kindness rendered up by your Board of Trade.

The delegation comprised Messrs. B. R. Robinson, P. H. Sprung, A. B. McDonald, J. Thorndorn, A. McInnis and Inspector Spalding, who were accompanied by J. K. Proctor, C. P. H. district business agent.

Inspector Spalding, having other business in town, was the only one missing at the reception. All the others, after being welcomed by the President and Mayor, gave short talks filled with useful information and not a little humor, each one expressing appreciation of the kindly reception extended them and answering many questions.

Rev. Matthews, P. H. Beach and Secretary Mallory were called upon for addresses and finally all present accompanied the delegates to the station to see them off.

**John Prowse Wins at
Calgary and Edmonton**
John Prowse, ever a busy man, was in town last week for the first time since his visit to the Calgary and Edmonton horse shows.

As predicted by The Call Mr. Prowse brought back for Glitchen many honors with his fine string of Clydesdales, and Norgau Farm is earning a name for itself throughout the Dominion.

Asked for a list of his prize-winners Mr. Prowse readily complied and without comment gave them as follows:
"At the Calgary and Edmonton horse shows my winning were five two Canadian bred stallions, one reserve championship, two specials, one open championship, one grand championship, one gold medal. Also the Watson challenge shield for the best horse

bred, born and raised in Canada. We also won numerous other prizes."
In further connection with Mr. Prowse he said "Nonpareil Blend" had been graded in A1 Certificate and would stand this season at its own value for just a few more as he is a young animal.

The regular meeting of the Board of Trade for Monday was postponed.

Making Ready for Gleichen Exhibition

The meeting of the Gleichen District Agricultural Association last Thursday evening was well attended considering the condition of the roads, and considerable business transacted, which dealt mainly with the prize list for the year's exhibition to be held August 12 and 13. A committee was finally appointed to thoroughly revise the entire list and add to or subtract from it as thought wise in order that this year's list may be the very best ever submitted. It is also the aim to have the list published at the earliest date possible in order that all may have no excuse for not preparing their exhibits.

Already a number of new features have been proposed and no doubt the interest manifested will continue to grow.

Among the special attractions will be exhibits by implement dealers, merchants and others on a bigger scale than ever. An effort is being made to secure an orchestra to carry passengers and perform stunts at a novel character.

Other committees were appointed to deal with various details of the coming exhibition and from now on the fair will be kept continually before the public.

You should now join this Association.

Judicial Sale of Farm Property

Pursuant to the judgment and final order for sale made by the Master in Chancery in a certain action in the Supreme Court of Alberta, Judicial District of Calgary, No. 1214, there will be offered for sale with the approval of the Court by
Henry M. McCallum, Auctioneer
at the Post Office, in the Town of Glitchen, Alberta.
At 4 o'clock, in the afternoon on **Saturday the 8th day of May, 1920**

the following lands and premises: The north west quarter of section one (1) in township twenty-three (23), range twenty-three (23), west of fourth (4) meridian, to be known as the lot of January, 1920, and to the description, reservations and conditions in the original grant from the Crown, existing Certificate of Title, and the acquisition, reservations and conditions in the original agreement, from the sale from The Canadian Pacific Railway Company covering said lands. The sale will be subject to a reserve held by the Court.

TERMS: 10 per cent of the purchase price must be paid in cash on the day of the sale to the plaintiff's solicitor. The balance as follows: 10 per cent in 30 days, without interest; 20 per cent in six months from date of sale with interest at 6 per cent per annum, and the balance in two years from date of sale with interest at 6 per cent per annum, and the balance in two years from date of sale with interest at 6 per cent per annum. All payments except the initial payment are to be made to the clerk of the Supreme Court of Alberta at Calgary.

Particulars will be made known at the time and place of sale, or can be obtained from the undersigned solicitor.

G. S. WALKER,
Solicitor for the Vendor,
Department of National Revenue,
Canadian Pacific Railway Company,
Calgary.
Dated at the City of Calgary, in the Province of Alberta, the 5th day of March A. D. 1920.

Weeknight Services in Union Church at 8 P.M.

Canada's and the World's Need

Occasions arise when it becomes the patriotic duty of every man, and woman, too, to forget, neglect, even sacrifice, their own work and interests for the general good of their country. Such an occasion arose with the outbreak of the Great War. The happiness and comfort of home, success in business achievement, the general betterment of one's position in life and the promotion of the family's welfare, usually and properly the chief worldly concern of any person, suddenly became matters of minor importance. The liberty of the whole human race, the basic principles on which civilization rests, the ideals and independence of the nation itself, were jeopardized and their destruction threatened. In these circumstances, one's devotion to purely personal interests became utterly selfish and unworthy.

Generally speaking, a man serves his country and the cause of humanity ably and well when he devotes his best thought and energies to the every day work which calls for attention, providing the work in which he is engaged is legitimate and worthy. It should not be, of course, a selfish absorption in his own interests to the exclusion of everything else. It should not be a miserly regard for personal gain irrespective of the effect on others, and wholly neglectful of the finer things in life and of community and national interests. But, on the whole, the person who does his work faithfully and well is serving his country and fellowmen at the same time.

This, let it be repeated, is true as a general proposition, but it was never more universally true than it is at the present time. The needs not only of Canada, but of the whole world, the needs of that civilization which was saved from destruction on the battlefields of the world during the historic years 1914-1918, call imperatively to every Canadian to "be on the job" doing his own particular work at this time.

There is no need for emphasizing this fact because there is in evidence on all sides of an inclination to "let up," to put less effort into one's work, in a word, to get through the day as quickly and easily as possible, and this at a time when, because of the wholesale destruction of goods and wealth caused by the war, there is greater need than ever before for a maximum of productive effort. As has been pointed out over and over again, not only do men insist upon easier work, shorter hours of labor, more pay and more of the good things of life, but they become indignant if the price of these goods goes up. Yet it must be apparent to all intelligent and reasonable men that if less is produced and more is consumed scarcity must result and a rise in prices becomes as inevitable as the force of gravity.

This general relaxation is, however, a natural sequence of the war, and it is not confined to any one class of the population of this and other countries. It is manifest in all ranks of society. During the war there was a tremendous urging of farmers to work early and late and increase food production, and of all industrial workers to turn out a maximum of goods. This same incentive to effort was urged in connection with the Victory Loan, Patriotic Fund, Red Cross, and other drives. It found general expression in work, service, sacrifice. Everybody was living at high tension.

It is inevitable and only human nature that such a strain, for which many were ill-prepared, should be followed by a reaction, and that with the relaxed tension there should come a period of slackness, lessened production and lack of interest in work. It is the same feeling which forces a man after a period of tense application to take a holiday. The war saw an extreme of work and sacrifice; now we are having an extreme of slackness and selfishness, wherein everybody wants as much as possible by giving or paying as little as possible.

But along this path lies individual and national loss and, if persisted in, ultimate disaster. If we all look upon the world as our orange to be squeezed dry, at a time when a desperate struggle is in progress to rehabilitate it, then we are but hastening our own disappointment and increasing our loss. On the other hand, the man or woman who refuses to let themselves down, and who sticks to their job now will find in a comparatively short time that they have not only rendered real service to their country and the world, but that they have enormously advanced their own interests and placed themselves in a strong position to meet and overcome any of the adversities which may yet have to be faced before this old world is again established on a normal foundation.

The Anniversary Of the Automobile

First Practical Automobile Sold On This Continent Just Twenty-Two Years Ago

The automobile, as a utility, is so new, comparatively speaking, so essentially modern, still such a novelty in a way, that it is not easy to appreciate how indispensable it has already become. Attention has been called to the fact, somewhat startling at first to those who well remember when there were no automobiles in general use, that the first "horseless wagon," as it was then called, was sold, commercially, in the United States, on April 1, 1898, enough in itself, perhaps, is now recognized as significant because it was the forerunner of steadily increasing transactions of a similar character which have been multiplied from year to year until more than a million and a quarter motor-driven vehicles were sold in the United States in the year just ended. Today it is claimed for the automobile and auto-truck manufacturing business that it stands third from the top in the list of American industries, employing more than three-quarters of a million persons in shops and factories.

The development of the motor-car, first in the form of the "horseless wagon," then as a truck, and then as a passenger carrier along lines similar to those followed today, was not a matter of chance, any more than the development of the airplane, the steam locomotive, or any other of the important modern devices now in general use. The results which are apparent today in the high-powered, efficient, and easily-controlled cars, trucks were achieved only by a basis of progressive development of a basic fundamental. As a matter of fact, it is claimed for the automobile that the self-propelled, trackless, motor-driven vehicle antedates the steam locomotive. It is pointed out by those who have traced the antecedents of the automobile of the present time, that in 1769, in France, Capt. Nicholas Joseph Cugnot constructed the

first motor-propelled road vehicle which actually could be operated. It was wrecked on its trial trip, it is recorded, and is now preserved, in its crude shapelessness, in the Conservatory of Arts and Trades in Paris. A few years later, to be exact, in 1787, it is said that Oliver Evans built the first American automobile. This machine could not be successfully operated, and was abandoned. Then, in 1831, it appears, an Englishman, Walter Hancock, constructed a steam motor car which made regular trips between London and Stratford, later extending the route to Brighton. The machine was capable of transporting eleven passengers at a speed of nine miles an hour. It was not until some time later, probably about the year 1893, that the utilization of internal combustion hydro-carbon motors was found possible or practicable in self-propelled vehicles, and the automobile as it exists today may be traced back to that time. This type, originally known as the Panhard & Levasor type, because of its having been developed by these French manufacturers, differed from the so-called horseless-carriage type because of the fact that its basis was a central frame to carry the power plant and serve as the keystone of the car structure. The idea, admittedly basic in automobile manufacturing was not adopted in the United States until 1901 or 1902.

Industrial and social changes which have kept pace with the development of the automobile during the past 22 years are almost too numerous to permit of more than a general summing up, and even that would be superfluous. Particular important, from almost any point of view, is the effect which this development has upon national, state, and municipal highway improvement. In this respect the automobile may be said to have "paid its way." Under no other system of so-called direct taxation, perhaps, has it been found possible and practicable to assess the benefits more directly to those most benefited. The automobile owner has paid this tax willingly, and has had the pleasures, in most instances, probably, of seeing that his money was well and honestly devoted to the purpose for which it was intended. He has seen the western and eastern coasts of the United States, as well as the Great Lakes and the Gulf, brought closer together, practically speaking, and the playgrounds and the wooded parks placed within easy distance of the school, the home, the office and the workshop.—Christian Science Monitor.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from little stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruit taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

Will Locate in B.C.

Iron and Steel Industry On The Pacific Coast

A powerful British iron and steel company will locate in British Columbia and establish a complete plant for turning out all products of the industry, according to advice received at Vancouver, B. C., from England. Work on preliminaries connected with this firm's location for activity in western Canada has already been started. This company will be capitalized at five million pounds sterling, and will work in British Columbia with an established coal company having rail and water connections. Native ores of British Columbia are to be utilized.

Among many people sneezing is interpreted as a sign of evil fortune. By many it was once believed to be lucky from noon to midnight and unlucky from midnight to noon.

Happiness is the result of being poor and respectable—according to the story books.

Britain's Debt to Canada

\$214,684,439 Due to This Country By The British Government

The Ottawa correspondent of the Toronto Globes says that, "Recently the Imperial government and Dominion government struck a balance of indebtedness to each other, apart from certain accounts still under consideration. The federal government's indebtedness to Great Britain, with the exceptions noted, was therefore wiped clean off the slate, leaving an amount of \$214,684,439 due to this country by the British government."

"During the war Great Britain paid the expenses of feeding and providing munitions to Canadian troops, while in Canada the Dominion government looked after paying for all munitions and a large part of the foodstuffs obtained on British account in this country. There have been previous adjustments. The last adjustment concerned an amount of \$251,976,738 owing by Canada to the British government, and a total amount of \$466,661,177 owing by the British government to the Dominion government."

THANKFUL MOTHERS

Once a mother has used Baby's Own Tablets for her little ones she would use nothing else. The Tablets give such results that the mother has nothing but words of praise and thankfulness for them. Among the thousands of mothers throughout Canada who praise the tablets is Mrs. D. A. Anderson, New Glasgow, N. S., who writes:—"I have used Baby's Own Tablets for my children and from my experience I would not be without them. I would urge every mother to keep a box of the Tablets in the house."—The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach; drive out constipation and indigestion; break up colds and simple fevers and make teething easy. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Transaction of National Importance

Sun Life Assurance Co., Purchase Block of United Grain Growers Twenty Year Bonds

A financial transaction of national importance, but of especial interest to the farmers and grain growers of the West, has just been completed between the United Grain Growers and the Sun Life Assurance Company of Canada, according to an announcement obtained by this newspaper from Mr. E. A. Macnutt, treasurer of the Sun Life.

The remarkable growth and the vast amount of good accomplished by the United Grain Growers in their measures of co-operation in the marketing of grain, etc., for the farming community of Western Canada are well known. The board of directors of the United Grain Growers intend to branch out on a still larger scale, and has just authorized an issue of two million dollars of six per cent. first mortgage twenty year gold bonds.

Three quarters of a million of this issue has just been purchased by the Sun Life of Canada, and the remainder of the issue when needed by the Grain Growers will be offered to the Sun Life.

This is an instance of a Canadian life company which draws its resources in the way of premiums from the public, directly assisting a co-operative enterprise of a very important section of the people.

The bonds are secured on the elevators and real estate of the Grain Growers spread over the provinces of Alberta, Saskatchewan and Manitoba, and the Company is composed of more than 30,000 shareholders who reside in these western provinces and are farmers and grain growers.

The head office of the United Grain Growers is in Winnipeg and the officers are: president, Hon. T. A. Cregar; 1st vice-president, C. Price Jones; 2nd vice-president, J. Kennedy; secretary, J. A. Hand; treasurer, F. M. Black.

The head office of the United Grain Growers is in Winnipeg, and the head office of the Sun Life is in Montreal.

Minard's Liniment Relieves Neuralgia

Food Shortage in Egypt

Food shortage in Egypt is being seriously felt in wheat provisions. Natives are unable to obtain wheat flour. Discontent is increasing in consequence.

In relation to all imports of food scarcity in Egypt, it is well to remember that for several years, owing to the fabulous value of cotton, Egyptians neglected the cultivation of food-stuffs.

It's easy to convince a woman that the photograph that flatters her is a better likeness than that which she sees reflected in the mirror.

Big Road Contracts to be Let

Eight Hundred Miles of Road to be Built in Manitoba

Tenders for grading about 800 miles of roads will be called for in Manitoba within the next two months, according to information supplied by the province. This work will be let in contracts of from two to 75 miles.

The work will be done under "The Good Roads Act," which has been in successful operation for the past six years. Up to the present, about 1,200 miles of work has been graded and about 400 miles gravelled under the act.

In addition to the road work, it is expected that over 100 concrete bridges will be constructed. The bridge work will include a steel bridge 650 feet long over the Red River; a concrete arch 100 feet clear span over the La Salle River; several bridges of concrete over the Assiniboine River, and a number of bridge from 30 to 50 feet clear span. Up to date, 384 bridges have been built under "The Good Roads Act," of which 271 were of concrete.

It is expected that over 4,000 miles of grading will be done in Manitoba within the next four years, and a large percentage of this mileage is to be gravelled.

Minard's Liniment Cures Burns, Etc.

Rapid Loading of Vessels

Docks At Duluth Speediest Ore-Loading Piers in the World

Figures of loading and unloading records made at the fastest and largest shipping docks in the world have just been announced. The steamship N. B. Ream passed through the Duluth ship canal at 11:30 p.m., May 29, and out the same canal 3 hours and 45 minutes later with a cargo of 11,880 gross tons of iron ore. She was at dock 55 minutes. Later in the season the H. D. Williams took on 12,786 gross tons in 45 minutes at the dock, and 3 hours and 50 minutes in the harbor. Still later the D. G. Kerr took on 12,689 gross tons in 35 minutes at the dock. This is the fastest time for loading ever made anywhere. The docks at Duluth, Missabe & Northern road, where these records were all made, are recognized as the speediest ore-loading piers in the world. It is not unusual to load a ship at the rate of 1,000 tons in 4 minutes. The ship W. A. McConagie and L. C. Hanna unloaded coal at Duluth and Western and Bervind No. 2 docks at Duluth, during the past summer, at the rate of 1,150 and 1,272 tons an hour. These also are world's records.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Let "Danderine" save your hair and double its beauty

Oh, girls, such an abundance of thick, heavy, invigorated hair; a perfect mass of wavy, silky hair, gloriously fluffy, bright and so easy to manage.

Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease, but your hair is not left brittle, dry, stringy or faded, but charmingly soft, with glossy golden gleams and tender lights. The youthful glints, tints and color are again in your hair.

"Danderine" is a tonic-beautifier. Besides doubling the beauty of the hair at once, it checks dandruff and stops falling hair. Get delightful Danderine for a few cents at any drug or toilet counter and use it as a dressing and invigorator as told on the bottle.

An Englishman and an Irishman met one day, and the former, wishing to have some fun with Pat, asked him if he was good at arithmetic.

"I am that," said Pat.

"Then could you tell me how many shirts I could get out of a yard?" asked the Englishman.

"Well," said Pat, "that depends whose yard you get into."

No woman can reform a husband by continuous lecture process.

Mill for Grinding Alfalfa

New Machine Will Turn Out The Actual Meal

One of the results of the huge alfalfa yield in the Lethbridge and Coal-dale areas of Southern Alberta during the past season and an indication of the confidence of the farmers there that this is merely a beginning of the yields of this fodder crop that will be produced, is made evident by the purchase by a local company of an alfalfa mill costing \$15,000.

This mill grinds the whole alfalfa plant into a meal, which, it is declared, has proven the most economical way to feed alfalfa. Alfalfa chop has been used in the past, but the new machine will turn out the actual meal. Its installation will mark the advent of a new important industry in the development of the district.

The Candid Volunteer

An Australian who did clerical work for his government during the war tells how in going through a batch of enlistment forms one day and checking the usual questions as to name, age, address, occupation, and so on, he came upon one decidedly original reply. The question, "State in which enlisted," was answered by the assurance, "strictly sober."

Many Demobilized From British Army

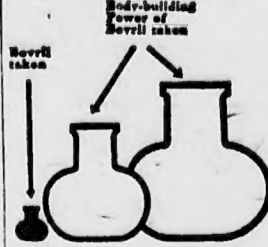

The war office state that 2,017 officers and 17,815 men were released from the British Army during the latter half of March and that since the armistice 4,018,706 officers and men have been demobilized.

The bigger the smoke the smaller the fire.

Willing workers are all trying to work somebody.

BOVRIL

The great "key food" that makes other foods more nourishing.

Independent scientific experiments have confirmed the fact that a Bo-vril building Power of Bovril is from 10 to 20 times the amount of Bovril taken.

WEDNESDAY, APRIL 14, 1919

Liquor Referendum to be Discussed Here

Friday, April 16th, in Union Church, at 9 P.M.

Gleichen is to receive Friday Mr. H. Hull, of Edmonton, who is the organizer for the prohibition Referendum that is to be held Alberta, possibly in the very near future. This referendum is to be held by the Canada Temperance Act as amended at the last session of the Dominion Parliament which will discuss such referendum in every province whose legislature presents a formal request for same to the Federal Government. This request was decided upon unanimously by the Alberta Legislature early in the present session.

The date for the vote rests with the Dominion Government and has not yet been announced, but as the legislatures of Alberta, Saskatchewan and Manitoba have already decided to ask for this referendum and as Ontario, British Columbia and other Provinces contemplate similar action soon, an effort is being made through the Dominion committee on liquor legislation to have a simultaneous date fixed for the provinces so voting and at the same time to bring all the provinces so voting and at the same time to bring all the provinces into line in great nation wide blow at the drink traffic. Moreover, the date for which the committees are pressing is late in June, if this message be decided upon, as recent messages from Ottawa and Toronto seem to indicate, it means a short, sharp campaign and lays an urgent duty upon all friends and supporters of the cause to set up the necessary organization as speedily as possible.

The issue on which the vote will be taken will be the importation of liquor into the province for beverage purposes. When the Alberta Liquor Act was voted on and enacted the forbidding of this importation was beyond provincial jurisdiction as the provincial prohibition measure could not cover this. The action of the Federal Government, however, provides for this on the passing of the referendum.

Mr. Hull's visit to Gleichen is expected to be on Friday, April 16th, and if possible a meeting will be arranged for organization purposes during his stay.

Local and District News

On Saturday, May 8, the ladies of Union Church Circle will hold a sale of work, cooking etc.

You cannot afford to miss seeing the Miracle Man Friday and Saturday at the Opera House. It is a picture that is attracting attention all over this continent.

C. J. Bray's furniture sale has been closed. Look over the list and you will see it contains as fine a lot of furniture as ever offered at auction here. Don't forget the Briscoe car.

Every person in this district really should hold a membership ticket of the Gleichen District Agriculture Association. For every member the Provincial Government pays the Association \$1. Your move.

—Born At Calgary on Saturday, April 10th, a son, to Mr. and Mrs. Penner Ostrander, of Maudok.

Notice

Notice is hereby given that the annual roll of the town of Gleichen for the year 1920 has been prepared and is now open to inspection in the office of the secretary-treasurer of the town from 10 o'clock in the afternoon on every day which is not a public holiday except Saturday (and on that day from 10 o'clock in the morning to 11 o'clock noon), and that any ratepayer who desires to object to the assessment, in himself or of any other person must within 30 days after the date of this notice lodge his complaint in writing at my office. Dated this 6th day of April, 1920. PETER MACLEAN, Assessor.

When the date on the label of this paper is reached it is a sign the editor would like to see more of you on more of your collaterals, and soon after you miss reaching The Call.

BUY AN IRRIGATED FARM FROM THE CANADIAN PACIFIC RAILWAY

BECAUSE:

Irrigation makes the farmer independent of rainfall, and assures good crops, not occasionally, but every year.

Irrigation makes possible the cultivation of alfalfa, the king of fodders, which assures good returns in dairying and mixed farming.

Irrigation means intensive farming and close settlement, with all the advantages of a densely populated agricultural community.

Irrigation in the Canadian Pacific Railway irrigation block is no longer an experiment, the years that it has been tried having absolutely demonstrated its success wherever intelligently applied.

You can buy irrigated land from the Canadian Pacific Railway at prices averaging \$10 an acre, with twenty years to pay and the privilege of a loan of \$2,000 for improvements; 6 per cent. interest; no principal after the first payment until the end of the fourth year; reduced interest if settlement conditions complied with, and no water rental for the first year. Contracts can be paid off before maturity if desired.

Interest in the Canadian Pacific Railway irrigation block is no longer an experiment, the years that it has been tried having absolutely demonstrated its success wherever intelligently applied.

Irrigation means intensive farming and close settlement, with all the advantages of a densely populated agricultural community.

Irrigation in the Canadian Pacific Railway irrigation block is no longer an experiment, the years that it has been tried having absolutely demonstrated its success wherever intelligently applied.

Irrigation makes possible the cultivation of alfalfa, the king of fodders, which assures good returns in dairying and mixed farming.

This is the most liberal offer of irrigated farm land on record. For full particulars apply to

To The Ratepayers of The Municipal
District of Marquis No. 157

A Brief Synopsis of The Tax
Recovery Act, Section 4

Unless the arrears of taxes on any
land are paid before the first day of
July in each year, beginning with the
year 1920, and unless the lands come
under the provision of "The Act Re-
specting the Arrears of Taxes", or an
extension of time for payment is in
some other way, legally provided for,
and in both such cases, unless the
terms of the extension are duly car-
ried out, such land shall be liable to
be sold for all arrears, including the
penalties, if any, accruing on or be-
fore the said first day of July, togeth-
er with the costs of advertising and
sale.

REMEMBER

Your land can be sold for arrears of
taxes as per the above section. The
purchaser pays the amount of taxes
with costs on the day of sale, and you
will have one year from that date to
redeem your land. The penalties and
costs added in this procedure amount
to a considerable sum, and the coun-
cil takes this method of notifica-
tion of this act, so that these costs
may be avoided by the payment of
your taxes in arrears before July 1st,
1920.

R. E. HOUSE,
Secy.-Treas. of Municipal District
of Marquis.

"Our Canadian bacon has gained
the goodwill of the British people who

Prince Acknowledges Indian Presents

Rev. Canon Stocken has just re-
ceived the following letter from the
Rev. Cyril C. B. Bardsley, Hon-
orary Secretary Church Missionary Society
London, England, to whom he sent
the album of photographs, address
and beadwork bag to be presented to
the Prince of Wales from the
Blackfoot Indians.

13th March, 1920

St. James's Palace, S.W.

Dear Sir,

I have handed to the Prince of
Wales the Album of photographs and
address, as well as the bead-
work bag from the Blackfoot In-
dians.

His Royal Highness would ask
Canon Stocken to inform the don-
ors how very much he appreciates
these kind gifts and how greatly he
regrets that the Indians were un-
able to see him when in Calgary.

The Prince is very struck by the
fine beadwork on the bag presented
to him by Natakis-Suikie wife of
the head-chief. Believe me,

Yours very truly,
Godfrey Thomas,
Private Secretary.

The Reverend
Cyril C. B. Bardsley.

ARROWOOD NEWS

Eldon Osborne has returned af-
ter spending the winter in Minneap-
olis.

The Arrowwood school teachers
attended the teachers convention in
Calgary.

Provincial president of the U. F.
A., Mr. Wood, will address the
local the next meeting.

Word from Mrs. W. A. Moom-
an, of Rockyford, informs us that
they are again moving.

Mr. and Mrs. M. H. Ward, Mr.
and Mrs. M. C. Miller and A. G.
Salter were Calgary visitors last
week.

Next Saturday night, Mr. Brown,
Supt. of Visual Instruction, Dept of
Extension, U. of A., will person-
ally show pictures in the Arrowwood
Consolidated School. A large
attendance is expected. Mr. Brown
is to lecture in the Queenstown
community hall Friday evening.

Read the Income Tax ad in this
issue and make no mistake.

for my work. Will sell for cash or
time. Complete with lugs and steer-
ing device. T. A. Eisenstein, 11

**"Save the surface and
you save all" Paint & Varnish**

**Safeguard
Your Roof**

THE roof is an important item—it "makes" or "mars"
the whole structure. In shingle-roofed houses it is
even more necessary to see that it is in good regular
repair, because once a roof commences to decay a general
deterioration of house-value is the immediate result.
To ensure a permanent durability, as well as an added
appearance, use

**B-H
Shingle Stain**

either as a mixture in which shingles are dipped or as a
stain to apply to the completed roof.
It comes in all colors, and gives a tough, durable
"seasoning," besides contributing largely to the artistic
effect of your home.
Like every other B-H product, the B-H Shingle Stain is
first choice among people who know good paint.

MOTTO: "Your Money's Worth or Your Money Back"

Do not forget to file your

Income Tax Return

on or before the 30th of April, 1920.

Dominion of Canada

Department of Finance

ALL persons residing in Canada, employed in Canada, or carrying on business in Canada, are liable to a tax on income, as follows:—

1. Every unmarried person, or widow, or widower, without dependants as defined by the Act, who during the calendar year 1919 received or earned \$1,000 or more.
2. All other individuals who during the calendar year 1919 received or earned \$2,000 or more.
3. Every corporation and joint stock company whose profits exceeded \$2,000 during the fiscal year ended in 1919.

Forms to be used in filing returns on or before the 30th of April, 1920.

ALL INDIVIDUALS other than farmers and ranchers must use Form T.1.

FARMERS AND RANCHERS must use Form T.1A.

CORPORATIONS and joint stock companies must use Form T.2.

Penalty
Every person required to make a return, who fails to do so within the three (3) days, shall be subject to a penalty of Twenty-five per centum of the amount of the tax payable.
Any return, whether taxable, or otherwise, which fails to make a return or provide information duly required according to the provisions of the Act, shall be liable on summary conviction to a penalty of \$100 for each day default which the default continues. Also any person making a false statement in any return or in any information required by the Minister, shall be liable, on summary conviction, to a penalty not exceeding \$100, or to six months imprisonment or to both fine and imprisonment.

General Instructions.

Obtain Forms from the Inspectors or Assistant Inspectors of Taxation or from Postmasters.

Read carefully all instructions on Form before filling it in.

Prepay postage on letters and documents forwarded by mail to Inspectors of Taxation.

Make your returns promptly and avoid penalties.

Address INSPECTOR OF TAXATION, CALGARY, ALTA.

Blind Creek Babbings

Quite a bit of hawking has been done in this district.

Mrs. R. M. Macs is recovering slowly from a bad fall.

Mrs. C. J. Park and Mrs. C. H. Fair were Calgary visitors the past week.

Geo. Macs is busy these days in connection with the cattle dipping proposition.

The work on our new four span steel bridge, to Carleton good after a short pause owing to high water.

Chas. Davis came nearer getting some grain needed than anyone else we have heard of. He got a load of treated seed out in the field before the last spell of winter.

The Ladies Aid Society had their annual election of officers last week at their meeting at Miss W. B. Scott's, Mrs. Robt. Read was elected president; Mrs. C. Park re-elected secretary and Mrs. T. T. Rhodes was the retiring president.

COMING EVENTS

April 10—Discussion of Liquor Referendum in Union Church

April 16—The Visual Instruction pictures in Mills Hall

April 17—The Visual Instruction pictures at Arrowood School.

April 16-17—Miracle Man at the Gleichen Opera House

Aug. 19—Imperial Press Association's visit to Gleichen

April 22—C. J. Bray's Furniture Auction Sale.

April 26—Regular Board of Trade meeting.

May 8—Sale of Work by Union Church Circle.

Aug. 12 and 13—Gleichen Agricultural Fair.

Mr. Brown, superintendent of the Visual Instruction farm at Edmonton, will give a picture demonstration in the Mills Hall on Friday, April 16th.

James Cameron of Swift Current spent a few days in Gleichen last week on Bank of Commerce business. His friends were glad to see him again.

Archibald Hawthorne arrived home yesterday from Calgary, where he was recently operated on for appendicitis. It is pleasing to learn he is rapidly recovering.

The Gleichen Vets have leased the Opera House annex and from now on will hold all their meetings there and continue their weekly wild drive, starting Monday next April 19th.

E. B. Duden is now a happy man, having last week purchased a new Baby Grand Chevrolet car from Brown's Transfer. This firm has already this season sold a carload of these autos and Saturday unloaded another carload of them. The Baby Grand is a very popular car this year.

Peck's

Hats, Caps, Shirts, Gloves, Neckwear, Etc.

PINDER & STABBACK

THE RELIABLE FURNISHERS

Save the surface and you save all the rest.

Make a real job of it.

PAINTING becomes necessary as your property increases in value, and as property was never so valuable as today there is a greater need than ever for that kind of paint which actually preserves the surface and thus saves the entire house.

This spring, to make a real job of it, use

B-H PAINT

because it combines permanence, covering capacity and economy.

If B-H "English Paint" was dearer than it is, it would still be the most economical—the shorter life of other cheaper brands makes them more expensive in the end.

It contains the famous Branden's Genuine B.H. finely-ground white lead—70%—which is put 30% of pure zinc—a guaranteed formula that no other paint can boast. To this mixture is added fine turpentine and linseed oil from the B-H mills, which is of a quality in keeping with the other ingredients.

When you use B-H Paint you will notice its "body" and brilliancy—you will compare the extreme covering capacity with other brands; the permanence you will be able to prove by other extensions painted with B-H paint years ago.

This Store sells B-H Products—Color cards free on request.
